#### **Hearings**

**June 10** - Pursuant to § 283.49, Wis. Stats., the Department of Natural Resources will hold a public informational hearing and intent to reissue a Wisconsin Pollutant Discharge Elimination System (WPDES) permit to United Liquid Waste Recycling Inc., PO Box 247, Clyman, Dodge County, at 11 a.m., at the Clyman Village Hall, 713 Morgan St., Clyman. United Liquid Waste Recycling provides short term storage and land application of industrial wastewater, industrial sludge, municipal sludge, and septage (septage, holding tank, and grease trap wastes) for numerous municipalities and confidential clients. WPDES permit No. WI-0061514-03-0. Each land application site/field must comply with NR 113.07, NR 204.07, NR 214.17, and/or NR 214.18 Wisconsin Admin. Code. Currently, ULWR has 494 fields (approximately 15,000 acres) approved for the land application of industrial wastewater and combined waste. These approved sites/fields are located in Columbia, Dane, Dodge, Fond du Lac, Green Lake, and Jefferson counties. ULWR applied over 41,402,000 gallons of wastewater and sludge on these sites in 2012. ULWR has also requested the ability to directly land apply Class B municipal biosolids for future clients per NR 204.07 Wisconsin Adm. Code. One placeholder outfall (Outfall 220) has been included in this permit for biosolids application. ULWR has requested Department approval to generate and landspread Class A municipal biosolids under NR 204.07(4) Wisconsin Adm. Code. ULWR is proposing to treat municipal biosolids in a process that is equivalent to a process to further reduce pathogens (PFRP). A placeholder outfall (Outfall 221) has been included in this permit for Class A biosolids application. The Department has tentatively decided that the above specified WPDES permit should be reissued. For more information contact Jennifer Jerich, DNR Horicon Service Center, at 920-387-7886 or [Jennifer.Jerich@wisconsin.gov](mailto:Jennifer.Jerich@wisconsin.gov).

**June 12** - Pursuant to Wis. Stat. §§ 285, 285.81 and 227.42 and Wis. Admin. Code chs. NR 400-499, the State of Wisconsin Division of Hearings and Appeals will initiate a telephone prehearing conference in the matter of the Wisconsin Public Service Corporation (WPSC) – Weston Plant, Air Pollution Control Operation Permit No. 737009020-P10 and Air Pollution Control Construction Permit Revision No. 03-RV-248-R5 at 10 a.m. at the Division of Hearings and Appeals, 5005 University Ave., Suite 201, **Madison**. For more information contact the Division of Hearings and Appeals at 608-266-3865.

#### **Meetings**

**June 9** – The DNR Snowmobile Recreation Council Infrastructure Committee [<http://dnr.wi.gov/Aid/Meetings.html#tabx3>] will meet from 10 a.m. to 3 p.m. at the DNR Satellite Center, 5301 Rib Mountain Road, **Wausau**. The agenda includes committee reports on truck idle time; trailer rate questions (single vs. double axle); clubs cashing supplemental checks; administration hours need to be project related; speed zone end signs; and department reports and updates on groomer Rate Question & DOT Rate sheet review (including truck idle time & trailer questions); bridge ranking; automated trail grooming project; preview bridge rehabilitation & new bridge application requests; and actions arising from reports. For information contact Cathy Burrow at 608-267-0494.

**June 13** – The Wisconsin Urban Forestry Council will meet from 9:30 a.m. to 2:30 p.m. at the La Crosse DNR Service Center, 3550 Mormon Coulee Road, **La Crosse**. The council will be discussing best ways to preserve, protect, expand and improve Wisconsin's urban and community forest resources. For additional information contact Laura Wyatt at 608-267-0568 or [Laura.Wyatt@wisconsin.gov](mailto:Laura.Wyatt@wisconsin.gov).
